<b>CONTENTS PAGES (3)</b>			
<b>Unit 1: Mathematics and work</b>			
CASE STUDIES		No pages	Page
1	To investigate the order of operations	4	1
2	To investigate setting up a small business – part 1	5	5
3	To investigate setting up a small business – part 2	5	10
4	To collect and analyse customer feedback	5	15
5	To decide how to price goods and services	5	20
6	To cost your service	5	25
7	To assess the cost of employing a person	5	30
8	To investigate advertising your business	5	35
9	To design a company logo and price office stationery	5	40
10	To discuss profit	5	45
11	To investigate cost, profit and VAT	4	50
12	To consider income and expenditure	5	55
13	To investigate PAYE and tax credits	5	60
14	To investigate PRSI and USC	5	64

<b>Unit 1: Mathematics and work</b>			
CASE STUDIES		No pages	Page
15	To explore sources of funding and support for a new business	5	69
16	To determine the cost of renting commercial premises	5	74
17	To find a shop to rent	5	79
18	To explore different types of employment	5	84
19	To examine employment contracts	5	89
20	To examine working on site, working from home and a hybrid of both	5	94
21	Student-designed case study	5	99
<b>MODULE 4 KEY ASSIGNMENT</b>			
	Sign-off sheet	1	104
<b>Revision of learning outcomes</b>			
1	Module 1: Mathematics and planning	5	105
2	Module 2: Mathematics and the world around me	5	110
3	Module 3: Mathematics and life skills	4	115
4	Module 4: Mathematics and work	2	119

<b>Revision of mathematical concepts and skills (MCS)</b>			
		No pages	Page
1	General calculations 1	1	121
2	General calculations 2	1	122
3	Perimeter and area	2	123
4	Surface area and volume	2	125
5	Geometry	2	127
6	Angles	2	129
7	Order of operations	1	131
8	Pythagoras' theorem	1	132
9	Ratio and proportion	1	133
10	Rounding	1	134
11	Fractions, decimals and percentages	1	135
12	Units of distance and time	1	136
13	Graphs	2	137
14	Algebra – evaluating expressions	2	139
